

ERP Specialist: Development & Administration (m/f/d)

Can you imagine yourself solving complex issues within food production and private label sale? And can you imagine contributing to making the business strategy come true IT-wise? Do you like the Danish culture of being informal yet direct, visionary as well as open minded, while working alongside colleagues from various nationalities? If so, this position offers exiting challenges, opportunities to influence the IT-direction, and great colleagues as well!

We are seeking an employee for our IT-team to take part in all aspects of handling our ERP-system and its integrated solutions. You will be working closely with a supporter colleague who has deep insights into Vega's processes, where you will also take part in daily support and maintenance, as well as ensuring that IT-systems and integrations align with our business strategy and organizational needs.

On the side of that, we are about to be streamlining the current setup with company-tailored solutions in and on the side of our ERP-system, preparing to upgrade to more standard solutions in 3-5 years' time. Once you have a comprehensive understanding of Vega's IT setup, your input on future directions will be highly valued.

Vega's IT-systems – ERP and systems integrated to this:

- Business Central 14 on-premises
- Frontmatec GO
- Microsoft Power Platforms
- Nicelabel Software
- Bizerba
- Various web applications

Your qualifications:

- Experience from a similar position
- Experience from companies with production, preferably within the food industry, is an advantage
- Business Central 14 Administration
- Development skills in CAL/AL
- Knowledge of following is an advantage:
 - C#
 - Rest API
 - Soap Web Services
 - Continia Software
 - Truecommerce EDI

We offer:

- A modern company with a motivated international team with English as company language
- An informal company culture with great prioritization of People as our first and foremost value
- Good possibilities of personal development and growth
- Flexible working hours
- Great colleagues to support your onboarding into the position

Presence at our production plant in Handewitt, Germany, is expected 3-4 days a week.

For more information, please contact IT Manager Daniel Sørensen at dso@vegasalmon.dk or 0045-26771142. Please send your application to: Bewerbung@vegasalmon.dk

Vega Salmon was established in Denmark in 2004 and processes and refines fresh and smoked salmon with great international cooperation with large and quality-focused retailers and partners in 35 countries worldwide. The company is one of the largest of its kind in Europe, and the vision is to deliver world class salmon every day. Vega Salmon has its headquarters in Haderslev and production plant in Handewitt, Germany, turnover in 2024 was 170 Mio. €. There are approximately 450 own employees, whereof 25 are employed in Denmark, 6 in Italy, 42 in the German office, and the rest in the production in Handewitt. The company is owned by the Norwegian Coast Seafood, who has great plans for Vega. See more on www.vega-salmon.dk or LinkedIn: <https://www.linkedin.com/company/vega-salmon-a-s/>
